EXECUTIVE SUMMARY

Software Quality Assurance Engineer with 13+ years of combined experience across internal audit, retail banking operations, and banking software testing. Currently supporting mission-critical digital banking initiatives at Commercial Bank of Qatar (CBQ), delivering quality assurance across corporate internet banking, mobile banking, payment systems, trade finance platforms, regulatory projects, and digital onboarding solutions.

Recognized for combining deep banking domain expertise gained through 10 years in banking operations with strong software testing capabilities. Successfully supported 200+ banking projects, 50+ production releases, and identified 1,500+ software defects across enterprise banking applications.

Experienced in System Integration Testing (SIT), User Acceptance Testing (UAT), Defect Management, Risk-Based Testing, Stakeholder Collaboration, and Release Validation. Currently expanding expertise in test automation through Playwright and Python while pursuing an MBA and ISTQB Foundation certification.

KEY CAREER ACHIEVEMENTS

- ▶ Supported 200+ banking projects across digital banking, payments, trade finance, CRM, and regulatory platforms.
- ▶ Contributed to 50+ successful production releases supporting critical banking services.
- ▶ Identified and managed 1,500+ software defects through SIT, UAT, and regression testing activities.
- ▶ Supported 20+ business stakeholders and subject matter experts across multiple banking domains.
- ▶ Received a certification of appreciation for successful testing and delivery of the CBQ Corporate Internet Banking (CIB) Revamp Project.
- ▶ Received appreciation from business teams for successful go-live support of:
 - ▶ Corporate Digital Account Opening (DAO)
 - ▶ Corporate Trade Portal (CTP)
 - ▶ Fawran Payment System
